

ATMC SPONSORED CASE WORKSHOP/WEBINAR

Following up on the CASE session at last month's ATMC meeting, I'd like to reach out to those who expressed an interest in participating in either a face-to-face workshop or a Webinar series to facilitate the completion of the CASE application. Although I'm not looking for a commitment at this point, I would like to query everyone to determine who might be interested in either option, and well as to solicit input about expectations.

Please return this survey to Don Dew, at ddew@ase.com.

FACE-TO-FACE CASE WORKSHOP INQUIRY

Although the workshop is in its early planning stage, here is what's anticipated:

- To be facilitated by John Saia and hosted by Toyota in their Torrance, California facility.
- Duration of one or one and a half days, and to be scheduled sometime within the months of June, July or August.
- Some advance work on your application may be required.
- Participants will be responsible for their own travel expenses.

Q. How likely are you to participate in this initial face-to-face workshop?
 Count me in _____ Very likely _____ Somewhat likely _____ Not an option for me _____

Q. What kinds of activities would you like to see incorporated into the workshop?

Q. Which area(s) of the CASE application could you use the most assistance with during the workshop?

Q. Please summarize your expectations from such a workshop.

WEBINAR INQUIRY

This too is in the early planning stages, but I here is what's anticipated:

- To be comprised of a series of three to six sessions, each likely separated by two or three weeks.
- Each session will lead in with a presentation to focus on one or two standards in the application, then conclude with a segment to allow for interaction among all participants (video, voice and screen share).
- Some advance work on your application may be required.

Q. How likely are you to participate with the webinar series?

Count me in _____ Very likely _____ Somewhat likely _____ Not an option for me _____

Q. What time of day would be best for you?

Q. What kinds of activities would you like to see incorporated into the webinar?

Q. Which area(s) of the CASE application could you use the most assistance with during the webinar?

Q. Please summarize your expectations from such a webinar series.
